The following materials will not be purchased: slides, records, 16mm films, textbooks, workbooks, books that are abridged (except for versions designed specifically for young readers), outlines or synopses.

#### B. Replacements and Duplicates

A replacement is an item purchased to replace an identical title previously in the collection. The need for replacement in each case is judged by these factors:

1. Number of copies available. If a copy is lost or missing, the library may not replace it if it owns another copy.
2. The coverage the library has on the subject. If the library has a large collection of materials in a particular subject area, there may be no reason to replace a particular title.
3. The amount of similar materials available. If lots of books are continually published on a subject, the library may replace a missing title with something more current.
4. The demand for subject material in that subject area. It may be that the subject is so popular that the library may replace it at once.

5. The availability of a particular title. If a title is out-of-print and expensive to replace, the library will not replace a new one.
6. If the budget permits, a duplicate copy will be ordered for titles that have multiple requests or reserves.

### **C. Recommendations from the Public**

The Bonner Springs City Library welcomes suggestions from the public concerning possible purchases for library materials. The patron can fill out a form giving as much information concerning the material as is known. These suggestions will be considered by the same criteria as materials purchased for the library and as the budget permits.

## **IV. Gift and Tax Deductions**

The full Gift Acceptance Policy, which covers donations of materials among other types of donations, is included in the Bonner Springs City Library Service Policy.

The following details from that policy pertain to donations of materials:

- Gifts that require approval of the Library Board before acceptance include books given under the condition that they be placed in the collection.
- Donations of materials are accepted with the understanding that they may be used or disposed of as the Library sees fit. Items not added to the collection will be given to the Friends of the Bonner Springs Library for resale.
- The Library will only accept items in good condition. Donations of magazines older than two years, newspapers, textbooks, and encyclopedia sets will not be accepted. Exceptions may be made at the discretion of the library director.
- Though gifts to libraries may be tax deductible, library staff is prohibited by law from providing appraisals or establishing value. Evaluation of a gift is the responsibility of the donor.

Updates to this section of the Collection Development Policy must be reflected in the Bonner Springs City Library Service Policy.

## **V. Interlibrary Loan and Cooperation**

The Bonner Springs City Library will cooperate with the Kansas State Library and the Northeast Kansas Library System to provide interlibrary loan as an essential service to library users.

It is more economical to borrow an infrequently used book than it is to buy it. Interlibrary loan, while not designated to substitute for providing books and other materials in constant demand, is used by the Bonner Springs City Library to provide essential materials for unusual situations and to make available those materials which cannot be added to the collection because of space and budget.

## **VI. Confidentiality of Library Records**

The Board of Trustees of the Bonner Springs City Library recognizes the library's special position of trust with members of the public and has therefore established this policy outlining their responsibility with regard to confidential information about patrons and patron use of library resources that comes into the library's possession.

As the choice of books and other library materials, along with the use of the informational resources of the library, is essentially a private endeavor on the part of each individual patron, the library shall make every reasonable and responsible effort to see that information about the patron and the individual information choices remain confidential. Parents and guardians of children age 17 and under, having signed an agreement to be responsible for materials and fines on the account of their child, may have access to a list of current checkouts and fines, but the Library encourages them to obtain this information through the online catalog.

For people to make full and effective use of library resources they must feel unconstrained by the possibility that others may become aware of the books they read, the materials they use, the questions they ask. The awareness of existence of such a possibility inhibits free usage of the library, its resources and facilities, and is contrary to the ALA library Bill of Rights and Freedom to Read Statement.

Therefore, the Board of Trustees of the Bonner Springs City Library has adopted the following guidelines concerning the disclosure of information about library patrons:

No information shall be disclosed regarding or including:

1. A patron's name (or whether an individual is a registered borrower of or has been a patron)
2. A patron's address
3. A patron's telephone number
4. A patron's email address
5. Any information regarding a patron's current or past borrowing history
6. The library's circulation records and their contents
7. The library's borrower's records and their contents

8. The number or character of questions asked by patrons
9. The frequency or content of a patron's lawful visits to the library or any other information supplied to the library (or gathered by it) shall not be given, made available or disclosed to any individual, corporation, institution or government agency without a valid process, order or subpoena.

All library employees (and those volunteers who work in its behalf) are hereby instructed to comply with these guidelines. The Board of Trustees recognizes that it is only through continued public confidence in the fact that these guidelines are indeed being upheld that the public can maintain its confidence in the library. It is this confidence that is vital to the library's role in the community and the community's right to know.

Updates to this section of the Collection Development Policy must be reflected in the Patron Confidentiality Statement signed by all staff.

## **VII. Challenged Materials**

### **A. Precepts of Freedom**

The Bonner Springs City Library adheres to and wholly supports The American Library Association's *Library Bill of Rights*, *Freedom to Read*, and *Freedom to View* statements, which are considered part of the selection process. (These documents are available online.)

### **B. Process for Reconsideration of Library Materials**

1. All challenges of materials are handled by the Director. An in-person appointment will be offered to the person making the complaint.
2. A private area will be chosen for the meeting. The Director, with another staff member or board member as witness, will listen to the person's complaint.
3. The Director will explain the general criteria of the library's selection policies. It should be made clear that the Board of Trustees subscribes to the freedom statements in the library's policy.
4. If the complainant wants to continue the procedure for reconsideration of materials after talking to the Director, the complainant will be requested to complete the form "Reconsideration of Library Materials" form. The complainant must be properly identified and the complaint form must be filled out in its entirety. After receiving the completed form, the Director shall refer to matter to the Bonner Springs City Library Board of Trustees.
5. The Board of Trustees will form a committee made of the Library Director or a staff appointment of the Director's choice, a Board Member and someone from the community who is a library user. The committee will be charged

with bringing a recommendation to the Bonner Springs City Library Board of Trustees by their next regular scheduled meeting.

6. The Library Board President will make sure the process for reconsideration is explained to the complainant and they will be informed that after a recommendation is made by the committee for reconsideration, notification of that decision will be given to the complainant.
7. If a complainant is not satisfied with the committee decision, they may appeal to the Board of Trustees within three weeks of the committee decision.
8. If the decision is appealed to the Board of Trustees, the material in question and all the supporting information concerning the decision to purchase this material should be forwarded to the Board. The Bonner Spring City Library Board of Trustees decision will be final.

## **VIII. Maintenance of the Collection**

### **A. Weeding Policy**

The Bonner Springs City Library board recognizes the need to continuously evaluate its collections in response to the changing nature and needs of its community through the weeding and replacement of its titles. Weeding is a task that takes skill, care, time and knowledge of the materials to be withdrawn. Weeding is a necessary adjunct of selection since it systematically eliminates unnecessary items; outdated or superseded materials; titles infrequently used, no longer of interest, or in demand; unnecessary duplicates; and worn out or mutilated copies.

### **B. Questions to Ask When Weeding**

These are questions to be asked of a general nature. Every title or item requires professional judgment tempered with experience and common sense.

1. What was the last date of circulation? What was the interval of time between checkouts?
2. Is the book in attractive and useful condition?
3. Are the information and presentation still accurate?
4. Is it reliable? Viewpoints and information change with time.
5. Does it have appropriate language and usage? Vocabulary and usage are a reflection of a particular time and place.
6. Is it a duplicate? Older edition duplicates of once popular items should go.
7. Is it appropriate material for the library at this time?
8. What is this doing here? Admit mistakes and get rid of stuff!
